

Year 3 Newsletter

Fenstanton and Hilton
Primary School

What we are learning about:

The Water cycle and rivers

Our topic/ theme this half term is: The water cycle and rivers. We will always be looking at global warming and the ice caps.

Geography: In Geography this half term we will be learning about what the water cycle is, locating and naming some famous rivers, locating them and other physical features on maps and collecting data about rivers.

DT: In DT, we will be going digital. We will be coding and programming a timer to create a mindful moment for the class. The children will be gathering data and using that to create a set of design criteria before creating their timers.

Music: Our topic in Music is called 'The show must go on'. The children will Create and present a performance! Singing and listening are at the heart of each lesson. Pupils will play, improvise and compose using a selection of these notes: C, D, E, F#, G, A, B

Computing: In Computing, children will be learning about databases and branching databases and how we use these to locate information. Following this we will be looking at creating simulations.

P.E: In PE we will focusing on 4 different areas strength and balance then agility and fitness. The children will be learning about how to use different equipment safely and carefully and thinking about that being active has on their bodies.

PSHE: In PSHE we will be focusing on 'Relationship and sex education.' In Year 3 we will be looking at the scientific names for male and female sexual parts, valuing their own body and personal hygiene.

R.E and world studies: In R.E and world studies, our topic will be 'Why is Jesus inspiring to some people? We will look at the word inspiring and discuss who inspires the children, and then see what makes Jesus (and other religious figures' inspirational within their religion.

Science: In Science this half term, we will be learning about 'Plants' we will be conducting experiments, making predictions and observations. We will be learning the different parts to a flowering plant and its life cycle.

French: In French this half term, we will be learning about Expressing likes and saying what I and others do. This includes school and friendships.

Summer 2 2025

English Reading: This half term our class book will be 'Once upon a Raindrop'.

Guided Reading: Children will work on the same areas each week, reinforcing these key skills; **interpret vocabulary in context, reading with fluency, prosody and comprehension.** Our texts throughout the half term are, 'A River', 'How to Train Your Dragon,' 'Water Cycles,' and 'the complete nonsense of Edward Lear.'

Writing: Our first model text this half term will be, 'Once upon a Raindrop'. Using this text, we will be creating an explanation text about water cycles. We will spend time studying the, language features, Story pattern, the vocabulary and organization features. This will be followed by poetry writing, where will look at haikus, tanka's and other forms of poetry.

Maths: In Maths we will be moving onto Geometry looking at direction and then properties of shape. We will then look at Statistics, finishing off with Mass & Capacity.

Key Vocabulary:

Maths: Geometry - turns, quarter/half/three-quarter turns, direction, clockwise, anti-clockwise, regular (shape), irregular (shape), angles, obtuse, right, acute, degrees, quadrilateral, polygon. **Statistics** - chart, graph line, tally, data, coordinates. **Mass and capacity** - mass, gram, kilogram, capacity, volume, millilitre, litre, lighter, heavier,
