Dear Parents and Carers,

Early Intervention Family Worker

Jane Rogers, our Early Intervention Family worker continues to update you with strategies to help you manage at home, it is attached to this newsletter.

Home learning and Uploading Weekly Tasks

The following is from Mrs Mitchell whom I introduced last week:

Each week I have been talking to the class teachers about the home learning tasks which have been set and how these arrangements are going. We really appreciate your support with your child's home learning as this can be challenging juggling everything during the day. We have changed how you need to upload the completed learning tasks and would like to inform you of these changes. This information is for years 1, 2, 3, 4, 5 and 6 year groups accessing the Google Classroom.

On your child's weekly timetable, their class teacher will have highlighted a specific piece of work which needs to be uploaded each week. Your child's class teacher will look through the work that has been uploaded and write some comments to your child, providing further guidance to include in their future tasks.

If you are unsure how to upload work, guidance on your child's Google Classroom can be found. Each week a folder in your child's Google Classroom will be clearly named '**Home learning task for DD/MM/YYYY**'. This is the folder where your child will need to upload their required weekly task. The work uploaded could be a photograph of the completed work or a Word document.

If you are unsure how to do this please contact the school via the school email (office@fenstanton.cambs.sch.uk) and we will support you. Thank you again for your continued support and supporting your children with their tasks, we are really enjoying looking at the work.

Workbooks

A few parents have asked if we can provide another workbook for your children. I am afraid we need to ensure that we have enough stock for when we return to school so if you can move to paper/or if you are able to purchase another do so. Sorry that we are not able to provide further books for all children.

Google Classroom

Mrs Carminati has put together some useful information on how to use google classroom to upload work which has come out separately today. We hope you find it useful.

Finally...

I was sent this video clip this week, it really does sum up how we as a staff are feeling right now. Be warned it is emotional but the children will enjoy seeing it. I may* have shed a few tears after watching this. vimeo.com/412655924

Stay safe and look after yourselves,

Best wishes,

Claire Worth, Headteacher
